Dear Teachers,

Congratulations! Last year's participation in the Earning 4 Learning program brought us $1716.00 to use for our kids. We all worked really hard to earn first place. It was decided that we would divide it up equally among the teachers for them to use towards their classrooms for the 2008-2009 school year. Please use this Target gift card for your classroom supplies/set up. You each have $59!

For this coming year there are more schools participating in the program so if we work hard and earn first place again, we will receive closer to $1000.00. They keep the prize money at $15,000 to be divided up between 30 schools. Please start a conversation between each other to decide if the money should be divided up equally as it is this year, or if we can buy something for the school. The only rule is that it has to benefit the kids. Use your imagination. Digital cameras and A/V equipment are even okay'd. As long as the item can be used for the kids, we can do it for the school.

Congratulations and happy spending!

For making our California Pizza Kitchen fundraiser a huge success! In just one day, we earned over $562 for Carr!

We hope you had tons of fun dining out with your friends, families and teachers! It was great to see such community support for our school!

Big congratulations to Mrs. Porter's 2nd/3rd grade class for bringing in the most money per student! They have earned a free pizza party, compliments of the Galleria's CPK.

We are already looking forward to planning our next restaurant night out. Watch for details in your red folder.

Through this fundraising event, we earned thousands of points for the Galleria Rewards program. Remember to keep turning in your Galleria receipts to earn points for Carr! A collection box is in the office or you can submit receipts at Guest Services at the mall.
