

Short Cut Tips For Submitting A Lot Of Receipts Online

Using Your Smart Phone or Tablet?

Add the form to your home screen

- Access the receipt form just like an app by adding it to your Home Screen! Go to shopandlog.com/northfield and follow the steps for your phone to Add To Home Screen:

iPhone: click on box with up arrow at the bottom of your screen, then choose Add To Home Screen.

Android: click on the three dots on the top right of your screen and choose Add To Home Screen.

- Fill out the form BEFORE you take a photo of your receipt.
- If you have more than one receipt, before you click Submit, check the box indicating that you have more receipts so you don't need to fill in your contact info again during this session.

Set Up A Receipt Email Address

Each time you submit a receipt online, you will receive a confirmation email (including an image of your receipt). To avoid flooding your personal email inbox, you can set up a free email account at gmail, yahoo, etc., to use when submitting receipts. Please check your inbox periodically at this account for questions we may email you about a submission and for bonus points reminders.

Why Do I Need To Write The Last 4 Digits Of My Phone Number?

We need to make sure each receipt is only submitted once. Having something written on the receipts will remind you not to submit the receipt again.

Can I Avoid Writing My Number On Each Receipt?

Yes, you can use a school stamp instead of writing your phone number.

What If I Make A Mistake, Or I'm Not Sure My Receipts Went Through?

Please don't spend the time entering the information and submitting the receipts again. Just email us at info@shopandlog.com or use the email link in your confirmation to let us know what mistake was made or to verify we got the submission.
